## PERFORMANCE

**All Instruments and Vocals are pre-mixed (12-channel Mixer) on stage!**  
We have currently no Sound/Lighting Engineers or Tour-Technicians!

**SO WE NEED YOU (THE ORGANIZER) TO TAKE CARE OF SOUND AND LIGHT!**

## WHAT WE NEED ON STAGE

- 2x Monitoring** for our music performance
- 2x** balanced **XLR** to connect our stage mixer to the technician/Main Mixer
- 2x** balanced **XLR** to connect our Vocal FX (TC Helicon VoiceLive Play) to Main Mixer
- 4x DI Box (stereo/ 1 box per channel)\***
- 1x Video Beamer** and **Screen** for video performance\*
- 1x HDMI** to connect Notebook to beamer\*
- 1x EU socket strip with surge protection or adapter\***

\* optional

## **PLEASE NOTE**

We use a Shure BLX288/SM58 Combo M17 (662 - 686 MHz) Dual UHF Wireless-System!  
For **non-EU countries** we need 2x Shure SM58 + 4 x balanced XLR cables

## **VIDEO**

We provide the Video Signal on Stage / or FOH if the house technician can start the video

## **LIGHT**

We like to have and prefer dark cold ambient mixed pink and violet lights (in the back) / black light / stroboscopes and fog machines /ONLY backlight spots

## **ADD ON STAGE**

2 cold water bottles and a towel on stage would be perfect!

## **PARKING**

Safe parking for a car / loading and unloading should be available.

## **MERCHANDISE**

A Merchandise table should be available to offer CARISMA STUDIOS products (Vinyl/CD/Badges/Bags/Shirts)

## **CATERING/BACKSTAGE**

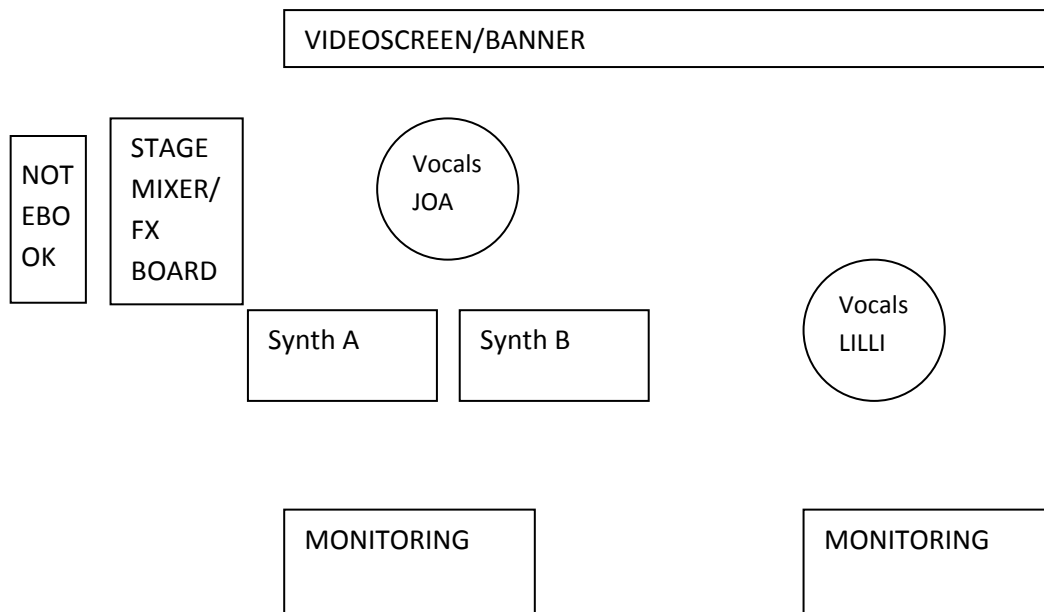

We prefer to eat vegetarian food / 4 cans cold RED BULL / 3 bottle Mineral Water

## **IMPORTANT**

Our equipment should be **securely stored** before and after the performance and, if possible, monitored!
